

Academy Values Ethos and Vision

Estcourt Primary Academy and Children's Centre endeavour to ensure our early learners turn into life-long learners.

The Academy is based on the traditional values of hard work, kindness, friendship, respect and honesty, while embracing modern technologies.

We pride ourselves on extending each child to their social, emotional and academic potential. Where working with families is central in everything we do.

We strive to provide a safe, secure and stimulating environment where curiosity is welcomed, inquiry is encouraged and learning is fostered.

We aim to enhance the life of all learners throughout the local and global community, equipping them with the skills and knowledge to take a full part in society. At Estcourt learners feel pride in their efforts and have confidence in their own abilities.

INSPIRE AND EMPOWER OTHERS TO ACHIEVE

Our Academy is an important part of the local community. We value it and all who work within it. It is our hope that through working together we can achieve our aims for the benefit of all your children.

You have the right to expect the highest standard of education and care for your child, and for your family to be respected as valuable members of Estcourt Primary Academy.

Should you choose Estcourt Primary Academy for your child to receive his/her primary education, we will do everything in our power to meet that expectation.

The education of your child is seen as a partnership between the academy and home. Given that we all want the very best for your child, it is very important that expectations and support are consistent. This is vital for your child's progress and development.

Expectations the Academy has of parents/carers:

- To uphold all Academy policies (these can be found under the downloads/information tab)
- To attend parents' evenings and meetings (these are each term - so three times a year)
- To support children's learning at home (staff are available to offer advice should you require it)
- To speak positively about the Academy at all times within children's hearing.
- To come to the Academy immediately to discuss any matter which concerns your child, either at the Academy's request or your own.
- To respect the highly trained professionals responsible for your child's education and well-being at school.
- When conflict of opinion occurs, not be judgmental until all facts have been made known and have been discussed.

- To fully support any action plan which may be necessary to specifically support your child.
- To know the value of 'family time' at home, e.g. family meals at a table, sharing stories, going for walks, playing board games.
- Not to have absences from the Academy unless circumstances are exceptional.

We believe that we can work together, both at the academy and home, in support of our children.
